

K-LOVE is an incredible radio station that serves our community of Lexington. K-love provides an essential ministry to many people 24 hours each day. This ministry is vital for many people in the Lexington area and without it, they may not have the opportunity to hear positive Christian radio if displaced by LPFM. K-Love provides wonderful music for all to enjoy but most importantly, it provides sources for assistance for those needing prayer, financial assistance, emotional or marriage assistance, and especially promotes local services and opportunities for the listeners. K-Love is an incredible radio station and should be commended, locally, nationally, and even internationally.
